Subject: Recommendation for Sean Murphy

To: Whom It May Concern

I had the pleasure of working with Sean Murphy during the summer of 2010 when he led an American Conservation Corps trail crew on the Arapaho-Roosevelt National Forest, Canyon Lakes Ranger District. Sean was in charge of 5 people doing trail work.

Sean's primary responsibilities were to provide for the safety of the crew while getting trail work accomplished. Sean was a good motivator, as his crew accomplished repairing old trail and building new trail during their 10 weeks on the District. I had many compliments from the public and from our volunteers about the work Sean's crew performed.

During the time I have known Sean he has continually impressed me with his knowledge, skills and eagerness to learn. Sean has the qualities that any manager would like all their employees to embody: professionalism, dedication, optimistic attitude, and a warm and friendly personality. He worked hard and helped us achieve our goals for the summer.

He has demonstrated excellent communication skills in dealing with the crew and in conveying a positive image of the American Conservation Corps and the Forest Service. He also achieved a zero accident record while performing his duties.

Sean is the type of high quality person that any organization would want to employ. I would not hesitate in hiring Sean in the future and would consider it a privilege to work with such a person again. You may contact me for further information at 970-295-6722.

I am pleased to recommend Sean for any position.
